

JIMACTM INCORPORATED

Dia
Self-Ordering System

Dia is a self-ordering system that can cater different industries like foodparks, quick service restaurants, retail, pharmacies and schools. We let our clients customize kiosks from layout and material that best serve their needs.

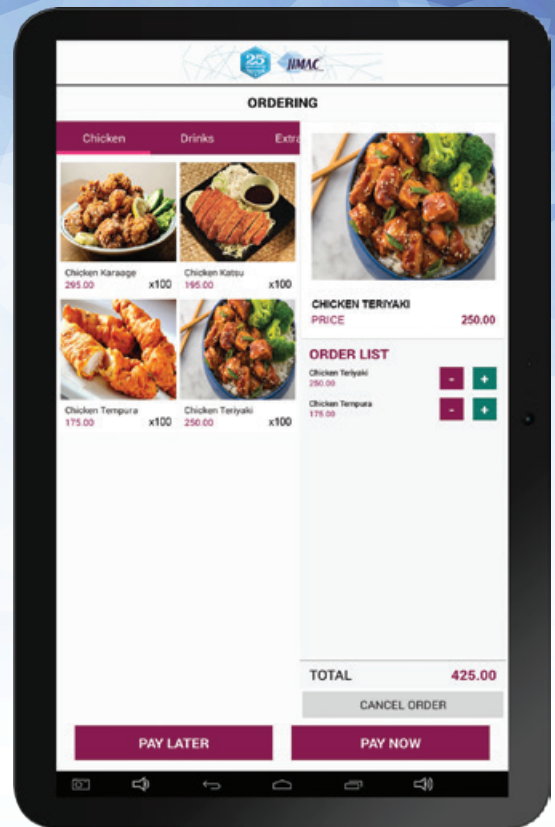

This can be used as a standalone ordering system or with payment transactions.

PAYMENT Flexibility Supporting:

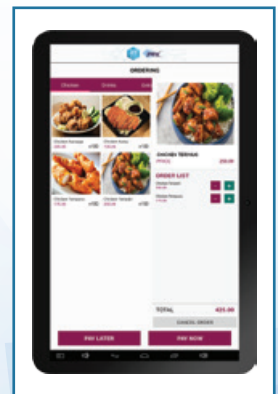

- **Debit Cards** • **Loyalty Cards**
- **Credit Cards** • **Mobile Wallet Payment.**

This is the convenience of one-click shopping.

With Dia, it will reduce long queuing lines to create a fast and smoother transactions.
